RE: Maths Week 2024

Dear Parents/Carers,

St. Mary's PS,
Rathlin Island,
Ballycastle,
BT54 6RT,
County Antrim.

This year we are taking part in Maths Week 2024- an all-island initiative promoting positive attitudes towards maths and highlighting the importance of maths in our lives since 2006. During maths week, we will be encouraging pupils to think about maths and how it is so important in real life. Look out for the following things happening that week that we can all take part in:

- On Tuesday 15th pupils are encouraged to wear maths themed clothes to school- it could be any clothes that has a number on it, any item of clothing that shows 2D or 3D shapes, anything with a compass point on it.
- During the week we will be taking part in 'Ireland Rocks' on TT Rockstars- this can be done at home or in school.
- Talk to your child about the number of the week in their class.
- Read over the sheets distributed to parents on how to help your child with mental maths at home.
- On Friday we will be doing some outdoor maths as part of our outdoor learning.

Yours sincerely,

E McGuigan
Mr. E McGuigan
